

SUNSAVING
PELLICOLE PER VETRO

Films produced to make glass more attractive and create environments requiring privacy. You can choose the best solution for your building from our extensive range of designs and colours, both classic and modern. The special Etherlife® process ensures a long life for the product, with no need for maintenance.

 Pellicole realizzate per rendere i vetri più piacevoli e per creare ambienti dove la privacy è necessaria. Un'ampia gamma classica e moderna di disegni e di colori, consente di scegliere la migliore soluzione architettonica. La speciale fabbricazione Etherlife® garantisce la massima durata nel tempo, senza necessità di manutenzione.

 Fensterfolien für angenehmere Gläser und für Räume, in denen Privatsphäre gefordert wird. Ein breit gefächertes Angebot an klassischen und modernen Farben und Designs ermöglicht die beste architektonische Lösung. Die spezielle Etherlife® Produktion gewährleistet höchste Lebensdauer ohne Wartungsarbeiten.

 Ces films rendent les vitres plus agréables et consentent de créer des locaux où l'occultation est nécessaire. Une vaste gamme classique et moderne de dessins et de couleurs permet de choisir la meilleure solution selon l'esthétisme recherché. La fabrication spéciale Etherlife® garantit une durée maximale dans le temps sans besoin d'entretien.

 Películas realizadas para crear vidrios más agradables y ambientes que protejan la intimidad. Una amplia gama clásica y moderna de diseños y colores permite elegir la mejor solución arquitectónica. La fabricación especial Etherlife® garantiza la máxima durabilidad, sin necesidad de mantenimiento.
